BREAK

Statewide Collaboration Workshops. (BELOW IS WHAT WE DID LAST YEAR. What would we like to cover this year?)

*Due to so much success last year, these hands-on workshops are back again for more team working! Here is your chance to **BRING YOUR ideas**, ask **YOUR questions**, **BRING YOUR examples from your office**, and **NETWORK across the state!** These sessions have wonderful potential, but they will only be as strong as the attendees make it. Therefore, we encourage you to prepare ahead of time by bringing any examples you have from your own campuses to share and brainstorm major questions you would like to address as a state. Thank you! The topics for these workshops are: (The smaller TRIBAL COLLEGE FAIR CIRCUIT TEAM will meet during this time as well.)*

▶ **Marketing and Recruitment Strategies**
| If you plan on being a part of this session, please bring your campus marketing materials (i.e. brochures, view books, postcards, etc.) to share and discuss. This workshop will allow you to ask your questions and empower you to walk away with answers by networking with other admission professionals across Montana. |

▶ **Campus Visit Programs and Campus Tours**
| What a better way to learn of new ideas than to learn from the folks who master in this area as well. By sharing ideas and asking questions, this session will have you walking away with innovative ideas and new ways to grow your own programs. Bring examples of what your campus is doing to share with others. Bring your questions, and you will not walk away empty handed. |

▶ **Montana's College Application Week**
| Montana has been specially selected to be one of 24 states to pilot this new national movement to help students with college applications. Because this is so new and in the learning phase, it is vital that the colleges share ideas and feedback on what might help make this program a success. Please come join this session to share your feedback on how we as a state can make this program grow with a strong foundation! |
