To Whom It May Concern,

I am very interested in the position on the Executive Board of the Montana Post Secondary Educational Opportunities Council (MPSEOC). I have attached my resume for your review. Given my combined education and experience, I would appreciate your consideration for this opening. I feel that my skills and personality would be an excellent fit for this position.

Throughout my time working in Montana Western's Admissions office, I have looked for any possibility to get more involved on campus. Along with my regular tasks, I have also taken part in new student orientation, helped out with graduation, and joined the Montana Western Alumni and Friends. However, I am very eager for the opportunity to be more involved with projects that reach beyond my own institution.

Growing up in a small Montana town, I benefited firsthand from the efforts of the MPSEOC Executive Board. The college fairs offered every fall gave me a chance to explore multiple options that I otherwise would not have been exposed to. Without these fairs, I would not have been able to speak with as many college representatives face-to-face, but would have had to rely on phone calls, emails, or websites to get information. I was able to make a connection with a representative from Montana Western and was able to reach out to him with whatever questions I had. Now working in college admissions, I understand the importance of making that quick, but meaningful connection with students to let them know that I am available to help with whatever they might need. I have had the opportunity to work with students from many different areas and all types backgrounds. I thoroughly enjoy the work I get to do every day and realize how lucky I am to feel this way.

In conclusion, I hope to offer the MPSEOC Executive Board great enthusiasm and willingness to be challenged. I thank you for considering my application and look forward to the opportunity to talk with you further about this position.

Respectfully,

Christina Stokes
