6/13/2022

Good afternoon,

Please accept this letter of interest. I am honored that someone thought to nominate me to serve on the MPSEOC Board of Directors. I do accept the nomination and if elected, will do my best to represent Aaniiih Nakoda College. My experience thus far working as a member of MPSEOC has been wonderful and I am happy that our Tribal Colleges are included and I feel that our representation is so important. I also think that we have become more connected to other colleges in Montana because of the important work that is done through this organization. If elected, I hope to do good work in helping not only our students but all Montana students have great experiences, gain opportunities and information needed as they pursue their journey in Higher Education.

Thank you so much for the opportunity!

Sincerely,

Kimberly Barrows
